Dear Mr. Willes:

Re: Posting of Reclamation Surety for the Brown's Canyon Rock Quarry, M/043/021, Summit County, Utah

On April 27, 2000, the Division sent you a notice of tentative approval to commence large mining operations at the Brown's Canyon Rock Quarry. Attached to this notice was the Division's surety estimate and a Reclamation Contract (Form MR-RC). You were instructed to complete the Reclamation Contract and provide the requisite surety to the Division by the end of the 30-day public comment period. The public comment period ended on May 27, 2000. To date, we have not received the required surety or Reclamation Contract for the Brown's Canyon Rock Quarry.

It has now been over two months since the reclamation surety and Reclamation Contract were due. Please submit your finalized Reclamation Contract and the surety for the Brown's Canyon Rock Quarry by August 10, 2000. Failure to submit the finalized Reclamation Contract and post the \$25,000.00 reclamation surety will force us to issue a Notice of Non-Compliance and withdraw our tentative approval. This will require that mining related activities cease until the reclamation surety is posted and the Division receives the finalized Reclamation Contract.

Thank you in advance for resolving these issues so that we can grant final approval for the Brown's Canyon Rock Quarry. Please don't hesitate to contact me or Lynn Kunzler of my staff at (801) 538-5286 or 548-5310 respectively, if you have any questions regarding this letter.

Sincerely,

D. Wayne Hedberg
Permit Supervisor,
Minerals Regulatory Program
